MEMORANDUM FOR: Admiral Stansfield Turner

FROM   : John F. Blake
                  Deputy Director for Administration

        Sir:

        1. The two attachments contain the information concerning the capability of the Intelligence Community Staff to bring aboard additional military personnel. This information has been developed in conjunction with that Staff.

        2. Attachment #1 lists 13 positions. While only one, the last listed, is specifically identified for military occupancy, the ground rules with the Department of Defense are such that military officers may be used in any of the total positions listed. Attachment #2 lists, by service, the military personnel on duty with the Staff and gives indication of the total additional number that can be brought on duty.

        3. As you may be aware, the size of the Intelligence Community Staff is a matter of current dispute between that Staff and the House Appropriations Committee. Until that dispute is resolved they have been given a moratorium on hiring any additional personnel. ▮▮▮▮▮▮▮▮▮▮can give you additional facts on this matter.
